## Monday Night Member's Draw

This week's sponsor:

**HOBART JAGUAR LAND ROVER - \$600**

Last week's Jackpot sponsored by:  
**Bernie's Car Wash Sorell** and was  
forfeited by Ross Lilley.

Come along on a Monday evening for our Members night and be here for  
the chance to claim our Jackpot!

If you or your business are interested in being a jackpot sponsor, please  
contact the BYC Office  
on 6244 1353 or email [office@byc.org.au](mailto:office@byc.org.au)

## Footy Tipping - 2019

The Big Night is this Friday 30th when all will unfold so be downstairs from  
around 7pm for food, fun and the Big Reveal - and if you've won the  
Jackpot upstairs then it's your shout!

Hopefully your team are still alive and do well in the finals & if not, as they  
say at Melbourne & Hawthorn: "There's always next year".

Enjoy the finals.

# Sailing Season

## 2019 - 2020

On behalf of the Mooloolaba Yacht Club, I would like to invite any women at BYC who might be interested in the **2019 Australian Women's Match Racing Championship** to be held in Mooloolaba

this October 10 to 13<sup>th</sup>, to contact me in the Sailing Office, so I can express interest to the MYC.

The RYCT has been kind enough to offer their Elliott's for training for any potential crews for this championship.

As this is such late notice a quick response from potential crew members would go a long way in the organisation of the event. If you would like a copy of the NOR please contact [sailing@byc.org.au](mailto:sailing@byc.org.au). Thank You

Michael Faure  
Sailing Coordinator

# *sail*BYC

Coming up: **AUGUST**

### "Weigh In Day"

*sail*BYC are conducting a "weigh in" day on Saturday 31st August. This is a cheap way to get your boat weighed if you are considering getting a rating this year. Contact Jeff Cordell at [jeff@cordellmarine.com](mailto:jeff@cordellmarine.com) for more details

Location: Cleanlift

Cost: TBA

Please contact the office to register - 6244 1353 or [office@byc.org.au](mailto:office@byc.org.au)

Coming up: **SEPTEMBER**

**“Understanding Weather”**

Who better to run it than Kenn Batt. Kenn has a lifetime of experience in meteorology. I attended one many year’s ago and thoroughly enjoyed it. I reckon it’s a must have skill if you plan to go anywhere past the Iron Pot! The course will explain the basics, the value of gathering information, understanding observations and anticipating what the weather scenarios are likely to be. We plan to run more intensive courses later this year so this will give you a great start.

Location: Anchors Room BYC

Date: Saturday 7th September - all day course

Cost: \$100

Please contact the office to register- 6244 1353 or [office@byc.org.au](mailto:office@byc.org.au)

**"Marine Diesel Maintenance"**

Have you ever worried about what happens if your engine won’t start? You could sail off your anchorage, get back to the marina and push and shove your boat back in.

You might get someone to tow you, or you could fix it.

There’s an old saying that there are only two things you can do with a sick diesel.

Bleed the fuel system or chuck it out!

This workshop is a start. Wednesday evening begins with a bit of diesel theory in the class room, followed by a hands on session on a boat on Saturday. Its very much hands on so we’ll be capping this class so that everyone will get a chance to have a play with a marine diesel. We’ll go through changing a fuel filter and show you a few tricks on how to bleed one and show you a few other things that you should be checking regularly.

Charlie Baker is a professional instructor and runs courses for industry accreditation and will be running this course

Location: Marina Bar

Date: Wednesday 11<sup>th</sup> September at 18:30 to 20:30 and 14th September practical session (meet at marina gate)

Cost: \$120

Please contact the office to register - 6244 1353 or [office@byc.org.au](mailto:office@byc.org.au)

Coming up: **OCTOBER**

**"Safety Survival at Sea"** sailBYC are conducting an Australian Sailing Safety at Sea and Survival Course. This will be run by Jeff Cordell, who competed in the 1998 Sydney to Hobart race and has been teaching this course since 1999.

This is a prerequisite for Cat. 1 races like the Sydney to Hobart, but it's equally pitched at cruising sailors.

**Thursday Oct 24th** - you will learn how to prepare for a voyage. How to check your equipment, things you should consider like crew training, and working out how to get the best out of your crew.

**Thursday Oct 31st** - you will learn how to deal with heavy weather sailing. How do you set up your boat? What preparations can you make when you're in or about to be in a storm? Learn about basic weather forecasting, reefing, storm jibs and trisails. Most importantly we offer suggestions on what to do if you have a crew member go overboard.

**Sunday Nov 3rd** - is an all-day event. It's the best bit! You get to inflate a Life Raft and learn how to right it should it flip. We fire off flares, so if you really have to do this, you will know what to do. We also cover jury rigs. How you might be able to rig a temporary rudder, or, fix stuff. We also go through emergency communications and what to expect if you are being rescued by a helicopter.

Location: Marina Bar

Cost: \$320

Please contact the office to register - 6244 1353 or [office@byc.org.au](mailto:office@byc.org.au)
